E. L. Burton, Jr. M. D. E. L. Burton, Sr., M. D.

Dr's. Burton & Burton,
SPECIALISTS

have associated themselves together and limit their practice exclusively to diseases of the EYE, EAR, NOSE, MOUTH and THROAT; DISEASES OF WOMEN, GENITO URINARY, RECTAL DISEASES and SURGERY.

Dr. E. L. Burton, Jr's., practice for the past year in McKinney and surrounding country speaks for itself. He has had unparalled success for which his patients will vouch.

Out of a record of over three hundred surgical operations, minor and major, there has not been a single failure.

The success of all this not only depends on being a skilful operator, but a diagnistician of wonderfully accute perception.

In disease we have a pathological alteration, or such a change as to produce a morbid or abnormal condition of the parts.

The first and most important of all factors in the treatment of disease is proper diagnosis. Next such Therapeutic measures as can be brought to bear that will remove the cause.

I have been offered hundreds of testimonials by former patients cured; but refused to publish any of them for that is not my policy.

We have a Positive Cure for Piles, cured in a few days without pain, or detention from business. No cautery, knife nor ligature.

URETHRAL STRICTURE, and all private diseases are treated by the latest and most approved methods, (strictly confidential.)

DISEASES OF WOMEN treated skillfully and successfully by approved methods.

Dr. E. L. Burton, Sr., will give his attention to this department, having had a vast ammount of practical experience.

A partial list of operations for the past year will be given in the following table:

This embraces only a part of the successful surgical practice of the year.

I have done all in my power to relieve those so unfortunate as to be afflicted, coming under my care.

My only desire is to be ever upright and honorable to all. I feel as though my past years labors have not been in vain.

Now, as my practice has assumed such proportions, I have called my father in as a co operator, and he will devote his whole attention to DISEASES OF WOMEN, ETC, while I will continue as usual.

Harry Tracy Thinks The Republican Party Will Dissolve,

And That the People's Party Will Absorb all the Patriots.

Dallas News.

This what Mr. Harry Tracy, state lecturer of the people's party, thinks of the situation: "If as the dispatches indicate, the party has elected the president and is in control of both houses of congress, the republican party, I predict will go to pieces. In the south and west its rank and file will go to the people's party, while the rich republicans, with whose interests President Cleveland is in line, will gravitate to the democratic party. The common people of the east will of course come to the people's party. President Cleveland will find himself confronted with difficulties such as have not beset any administration for thirty years. With the executive and legislative branches of the government democratic he will find himself at the head of a fearful antagonism. His party is essentialy Janus faced, looking one way on finance and protection in the south and west and another in the east. The result will be that the hopes of the party leaders will not be realized and a very pronounced reaction with strength to the people's party will be the result. The republican party was in its incipiency a party of reform It won its reform and then the special object for which it was organized ceased to exist. Another reform movement is now on foot which offers the members of the repnblican party a new object to fight for."

"The principles espoused by Gov. Hogg do not seem to harmonize with those of President Cleveland."

"Hogg had to step off the democratic platform to win. The truth is that 75 per cent of his following will two years from now be with the people's party. Forty percent of Hogg's votes at this election belonged to the people's party and only voted for Hogg because they feared the election of Clark. During the campaign I came across a thousand men who acknowledged that they had compromised themselves by going into the primaries, but they said that after the election they would be with us."

"In the political reformation that you expect will Gov. Hogg be with the democratic party, say two years hence?"

"I think he will then be essentially in line with the democratic party, but he will be without a following. I am more than satisfied with the result. We started in the campaign with not over 30,000 votes and we find 115,000 cast for Nugent. Nationally we have carried the Rocky Mountain states and perhaps Kansas and Nebraska. In fact nearly all the republican region west of the Missouri river and most remote from the money center, New York has come to us. Eastward in the course of the wave, and four years from now it will sweep everything before it. This election has destroyed sectionalism. The place of birth of our candidate for president will cut no figure in his election, and Thomas L. Nugent may live to be president of the United States before the next census is taken.

"The trend of affairs during the last seven years has been toward the unification of the northwest and the south against the spoliating schemes of New England and her cousin across the waters. The great question, in my opinion, to be decided 1896 will be, which shall rule this country the citizen or the dollar? This idea has taken root in the minds of the people. It gained such momentum in this election as to convince every thinking man that it connot be sidetracked. The battle has to be fought The record which the people's party has made in Texas this campaign makes me proud of the party. Its members had to fight against old party affiliations and old party associations without hope of success The end of the trouble will develop the fact that the Anglo-Saxon blood of this country is equal to all emergencies and will be able to perpetuate the principles of American liberty."

WORLD'S FAIR DIRECTORS.

Resolute in Favor of Opening the Exposition on Sundays.

CHICAGO, Ill., Nov. 11.—At the regular meeting of the world's fair directors this afternoon a resolution was passed favoring the opening of the world's fair gates Sunday provided the machinery be not run. The directors declare as the nations of the earth have been invited to attend the fair it would be highly discourteous and inhospitable to inform them they cannot do or Sunday what they would do were they at home. The closing of the gates Sunday says the resolution, "means that thousands of artisans and mechanics to whom it will be a boon of inestimable advantage, will not be able to attend it." The directors say they are in favor of allowing every nation to hold within the grounds such religious services as it may desire on Sunday, They also think it desirable that the gates be opened to all visitors from different portions of the union to meet socially at their state buildings.

A Prohibitionist Shot.

DANVILLE, Va., Nov. 11.—On election day Rev. J. R. Moffat, a leading prohibitionist, had a personal difficulty with J. T. Clark a local politician. In today's issue of the anti-liquor prohibition organ, of which Moffat is editor, there appeared an article in which Clark was censured. To-night Moffat was walking up the street on the way to the First Baptist Church. Clark met him and a quarrel took place in which Moffat was shot in the abdomen. His condition is extremely critical. Clark was arrested.

Dallas Men Who Won and Lost on the Election.

Dallas Tex., Nov. 10.—Today and tonight the republicans and Clark men have been busy paying off their bets. It is estimated that the democrats won $30,000 on the results in New York and general results and thousands of dollars were placed on the guberuatorial contest and lost. Sam Klein is probably the heaviest winner in the city.

The friends of Gov. Hogg are claiming 90,000 plurality over Judge Clark and 75,000 over Judge Nugent to-night, and are the happiest crowd on the face of the earth.

Nugent's remarkable race is a great surprise and leading democrats predict that two years hence in the third party will be found the most formidable foe ever encountered by the democracy of Texas.

Drowned.

VELASCO, Tex., Nov. 10.—Benjamin Walcott, head of the Velasco fish and oyster company, was drowned yesterday at Decros, on the San Fernardo river. While aiding in crossing one of his teams, he stepped backwards from the ferry into the river, and being clothed in heavy fisherman's waterproof garments, sank immediately and was carried out to sea by the strong tide then running.

Mr. Walcott was one of Velasco's most energetic citizens and his death causes universal sorrow.

About twenty men left here this morning for the San Fernado and the lower coast to search for his body.

WHAT IS CATARRH?

The Opinion of an Eminent Medical Authority.

Catarrh is the cause of more diseases than all other causes combined. There are very few diseases to which human flesh is subject that can not be traced direcrly to catarrh. Not only is catarrh capable of producing a great variety of diseases, but it also attacks any organ or part of the body. It causes in the ears deafness, in the eyes blindness, in the head and throat discharges and offensiye odors, in the bronchial tubes and larynx cough and hoarseness, in the lungs consumption, in the stomach dyspepsio, in the kidneys Bright's disease, in the pelvis organs a host of derangements too numerous for mention. Pe ru na cures catarrh and all catarrhal diseases wherever located. Peru-na is a systemic remeey, and hence cures catarrh of internal organs as surely rs it does catarrh of external organs, as no local application to the affected organ is necessary. Mrs. Harrison.

The country sends love and sympathy to President Harrison. The shadow that crossed the white-house fell upon every heart and home, and there are only Harrison men and women in the grief it brings. The pure good woman who is dead was a type of the best of our people, and her life and memory are an honor to the nation and the world.—Judge.

Harrison's Family.

WASHINGTON, Nov. 10.—The Evening Star says:

Plans for next spring are being discussed by the president and his family looking towards vacating the executive mansion March 4.

There will probably be a general breaking up and separation of the family. The president will return to Indianapolis and make his home there for the future. It is probable Russell Harrison and his wife will reside in Indianapolis also, making their home with General Harrison. Mrs. McKee with little Benjamin and little Mary will go to Boston after March 4. Mr. McKee has established himself in business there and has built a house. General Harrison may make them a visit in the spring. Dr. Scott, Mrs. Harrison's father, will live with the president. Mrs. Dimmick will remain in Washington with Lieutenant and Mrs. Parker.

Forged His Name.

DENISON, Tex., Nov. 10.—When the cotton mill was being erected a young man by the name of Ralph Bushman worked upon the building. Shortly after it was finished he left saying he was going to his home in Atlanta, Ga., where his father is a prominent physician. Instead of doing this he went to New Orleans, where he failed to find work and was soon reduced to stringent circumstances. About this time he met a friend named A. S. DeWitt, who took him to his home and aided him in getting work. He stayed with DeWitt for three weeks and suddenly disappeared. About a week later two forged checks were found by DeWitt which had been cashed by Bushman. One was for $50 and the other for $25. Bushman's father was notified and made good the amount. Young Bushman was not heard of for a long time, but it has just been learned that he died at El Paso early in October.

HORRIBLE FRATRICIDE.

A Brother's Head Severed at His Sister's Wedding Celebration.

CLEVELAND, O., Nov. 13.—A horrible murder was committed at the residence of Mrs. Mary Murphy, No. 18 Swiss street, this afternoon while a wedding celebration was in progress, P. F Murphy cutting the throat of his brother, William J. Murphy, with a razor. Mrs. Murphy's daughter Annie was married yesterday to John B. Kerwith and a reception was given at her mother's house this afternoon. A large number of guests were in attendance. P. F. Murphy, or Frank, as he is called, was drinking. He locked himself in a room, refusing to mingle with the guests. When supper was ready W. J. Murphy went to Frank's room and asked him to join the others. Frank refused to open the door and William climbed through a window. What passed between the brothers no one knows. In a few minutes Frank came out of the room with his hands and clothing covered with blood and laid a bloody razor on the table. He went directly across the street to the police station and gave himself up. Upon investigation it was found that William was dead, his head having been litterally severed from his body. Frank said he killed his brother in self defense.

Mail Robbers Routed.

ATLANTA, Ga., Nov. 12.—A most daring attempt was made late last night to rob the mail car on the W. & A. R. R. at the thirty-first mile post north of here. Four masked men made the attack while the engine was taking water.

Shots were exchanged by them with the mail clerks and train hands. The flagman, John Abston, was shot in the leg. The would-be highwaymen made their escape in the dark.

The Cannon Exploded.

BIRMINGHAM, Ala., Nov. 12—During the democratic celebration at West Point, Miss., last night, in which an old cannon was being used to make noise, the cannon exploded. Warner Ware, mayor of the town, had both legs blown off and died.

Mrs. C. A. Joiner, Miss Gibson and John E. Carother were fatally wounded.

An Arkansas Tragedy.

TEXARKANA, Ark., Nov. 13.—At New Lewisville, Ark., a small town twenty miles east of here on the Cotton Belt, on Friday night J. W. Melvin shot and killed A. T. Smiley, a bartender. Melvin was in the saloon under the influence of liquor and it being nearly midnight Smiley asked him to go out as he wanted to close up for the night. This so enraged Melvin that he drew his revolver and shot the bartender four times, each bullet passing entirely through the body and producing instant death. Melvin escaped and up to last advices had not been apprehended.

The spoils appetite demanded more than the republican administration could give to it. If the demand for favoritism and extraordinary class legislation continues to grow as it has for five years past the democratic party will fail utterly to satisfy it. It is an abnormal and dangerous appetite.—Dallas News.

A Mother's Darling Missing.

HOUSTON, Tex., Nov. 13.—Yesterday afternoon Mrs. Frank H. Ray went calling and left her 10 year-old daughter at home, but when she returned the child was gone and no trace has yet been found. The child is rather small for its age and very pretty and the mother thinks it has been stolen.

UNITED IN DEATH.

Kills Himself on the Coffin of His Affianced.

SCRANTON, Pa., Nov. 12.—Wm. Walters, a wealthy young man of Oliphant, killed himself last evening in a tragic manner. Miss Emily Davis, to whom Walters was engaged to be married next month, died yesterday.

Walters was terribly depressed by her death and last night he called at the home of the dead woman's parents. He seemed perfectly composed and requested that he be permitted to gaze once more upon the body:

In a few minutes he broke down completely and refused to leave the room. He threw himself upon the coffin and sobbed bitterly.

While in this position he took from his pocket a dose of strychnine, swallowed it and in a few minutes was dead.

AN ARMY OF TRAMPS

Take Possession of a Town and Create Terror.

HAZLETON, Pa., Nov. 18.—A gang of tramps swooped down on Waitehaven yesterday morning, robbed a number of houses and for the time had the town completely under their control. Two weeks ago six of that fraternity came to White haven and quartered themselves in the Lehigh Valley sandhouse. Nightly depredations were committed in the neighborhood. Last night six others arrived in town and also took quarters in the sandhouse. Last night a concerted raid was made by the visitors and they took the town by storm. Six houses were entered simultaneously. In some cases revolvers were used to persuade those in the houses to give up valuables. In a short time the village was aroused. The robbers, however, were well armed and they kept the crowd at bay. They succeeded in reaching the mountains and escaped in their fastness. An indignation meeting was held by the citizens and an armed posse is in pursuit of the robbers.

WACO HOGGITES.

Celebrate the Victory of Cleveland and Hogg-Coke there.

WACO, Nov. 12.—The Hogg Democracy of Waco and McLellan county celebrated the Hogg and Cleveland victory tonight on the public square.

Senator Coke was the speaker of the evening. He was jubilant over the success of the ticket; severe upon Judge Clark and his followers and advised the people to stand by the democratic press of the state, consisting of the Houston Post and the Waco Evening News. The speech was one of bitter personalities and has created much feeling and talk.

THE DEMOCRAT.

EDITED AND PUBLISHED
by F. C. Thompson.

THURSDAY. NOV. 17, 1892.

How does this sound? Senator By Gatling.

HEROES are made in the hour of peril.—The Truth.

THE election is over and so is the hurrah business.

The holidays will soon be here and we can all rally.

HOGG fails to obey the command, "Turn Texas Loose."

DEVOTION to principle in the hour of defeat is courageous.

THE election is over and the scissors editor is in the swim.

A great many people are trying to tell "how it was done."

We want general prosperity, let it it come from what source it may.

WHEN a man yells for peace, he should furnish a little of it himself.

A campaign of good feeling means protection to business interest.

The gentlemen who wanted "just one more chance" have got it now.

IF defeat always ment annihilation there would never be progression.

The newspapers are beginning to talk about an extra session of congress.

ACCORDING to the eloquent Bailey the "pension" and "robber tariff" will go.

We hope the new administration will give us peace, prosperity and happiness.

THE sad expression of the average democrat is: "We've got to do something."

"I TOLD YOU SO," is a numbskull who never knows any thing until it has happened.

"Corn Juice" was at the polls early and late. He has been a faithful worker for years.

OWING to the mild weather Texas has concluded not to kill and salt down its pork yet awhile.

THE national alliance is in session at Memphis, Tenn. All the prominent leaders are on hand.

TEXAS yet has a wonderful amount of undeveloped lands. Let us encourage a good emmigration.

If the honor of some men were equal to their cheek, gall, and impudence, they would stand high, indeed.

THE man who never let the public know where he stood before the election is the first one after the election to blurt out "I told you so."

THE populist have polled 2,000,000 votes in the United States and 100,000 in the state of Texas. Three cheers for the new party!

THERE seems to be some more trouble at Homestead, Pa. If free trade will avert labor troubles we hope the incoming administration will attend to the matter at once.

THE Dallas News is certainly a newsy paper. It dishes up all kind of news suitable for a decent public, while its editorials are gotten up in an able and most excellent manner.

ONE good feature about the local campaign is that fewer hard things have been said than ever before within the memory of the writer. We are surely entering an educational era.

THE populist worked at a disadvantage in Texas. They substantially had most of their platform stolen and placed in the Hogg platform. In fact His excellency tried to make the populist believe that he was their candidate.

The Clark faction will hold a state meeting at Waco next Saturday. They will likely continue the organization. These Clark fellows are like the new party, they will not give up the ship.

☞WISEMAN.

The Political Situation.

The fight is over now for two years. Never within the history of our government, has a new born party of only a few months existence, made such a gallant fight as that of the populist party of to-day.

Its birth was not in the lap of luxury, but it emerged from beneath the cruel shadows of poverty. Its leaders were not millionaires. They came from almost obscurity. They were slandered on every hand by a subsidized press. They were defended by the populist press which was not financially able to cope with the thousands of "leading journals" backed by millions of corporate greed. The associated press dispatches (unfriendly to the populist cause) were laden with falsehoods against our leaders. The poisonous serpent of prejudice found its way into every hamlet and almost every home in the land.

White millions of dollars was being spent to hold each of the old organizations in tact, the populists struggled along with almost a pauper's campaign. Notwithstanding all these disadvantages they have carried several of the Northwestern states, cast nearly 2,000,000 votes, and achieved many local victories.

Cleveland has been elected and will have a democratic House and Senate to aid him in legislation. No longer can democrat orators go before the American people and make the plea that they "never have had a chance." They will be expected by all reasonable people to carry out their platform. If they do this, they will cut down expenditures, wipe out the tariff, repeal the 10 per cent on state banks, knock out National banks, give us free coinage of silver, etc. We will patiently wait and see what they leave undone.

In the meantime the populist will be busily engaged in furthering their own interest by keeping up their organization and spreading their literature that the public may know more of their grievances.

The public must learn that [illegible] can dominate forever. It is contrary to history and progressiveness.

If there are any who are inclined to cowardly turn their backs upon us we bid them God speed. Their places will be filled in the near future by the good and true. The traitor may seek the favor of the victor but the latter, if honest himself, will never trust him.

For the honest and candid opponent we have the highest regards, but for the man who deserts his friends and sneaks to the enemies' camp for popular favor we have utter contempt. Devotion to political principles and friends is a virtue, the violation of which, without cause, should merit the condemnation of all good people.

☞WISEMAN. WISEMAN.

The Result in the County.

There has been a great deal of comment about the result of the populist vote in Collin county. For a new party only a little over four months old, we think the figures justify us in calling it a victory for the populist, and we trust our opponents will readily grant us the pleasure of commenting thus upon the returns. The opposition to the straight democratic nominees have rarely ever polled more votes than the populist have in this county at the recent election.

Two years ago(1890) the independent candidates polled an average of 2269 votes. At the recent election the populist polled an average of 2668 votes showing a decided gain in favor of the new party. What more could we ask? Gentlemen, we don't want the earth all at one grab.

THE San Antonio Truth, notwithstanding the loss of its brilliant and lovable editor, R W. Coleman, will continue to be one of the best papers in the great Southwest. It has for its manager the efficient Taylor McRae. We trust that it will receive a liberal patronage from this part of the state.

☞WISEMAN. Call on him.

GROVE AND STEVE

Hold the Reigns for Four Years.

ACCORDING to the latest reports Cleveland has carried Alabama, Arkansas, California, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Kentucky, Louisiana, Maryland, Michigan, (8 votes) Mississippi, Missouri, New York, New Jersey, North Carolina, South Carolina, Tennessee, Virgina Texas, West Virginia and Wisconsin, Electoral votes of the above states 279.

Harrison has carried Iowa, Maine, Massachusetts, Michigan (6 votes,) Minnesota, New Hampshire, Ohio, Oregon, Pennsylvania, Rhode Island, South Dakota, Washington, Vermont and Wyoming. Electoral votes 131.

Weaver has carried Colorado, Idaho, Kansas and Nevada. Electoral votes 20.

Montana, North Dakota and Nebraska are in doubt with chances equally between Harrison and Weaver. The doubtful states have 14 votes. The total number of votes are 444

The people's party elected 6 out of 8 congressmen in Kansas elected their governor and carried the state for Weaver. It also has a majority on joint ballot in the state legislature thus insuring one more United States senator to the people's party from Kansas.

The democrats will undoubtedly have possesion of both branches of congress, while the populists have increased their own membership. The exact status can not be obtained just at this time.

HOGG'S PLURALITY CLIMBS

One Hundred and Twenty-Nine Counties Give 46,639, Which Indicates a Plurality Over Clark of 65,000.

GALVESTON, Tex., Nov. 15.—At 2:30 this morning complete returns has been received from 67 counties, and estimates covering 32 counties. The vote for governor in the counties giving complete returns was as follows:

Hogg	95,954
Clark	69,597
Nugent	62,024

In the counties giving estimates the vote was as follows:

Hogg	36,578
Clark	20,403
Nugent	15,868

The 129 counties covered by the reports give Hogg a plurality over Clark of 46,639 votes.

Full returns and estimates of 129 counties show an aggregate vote of 301,522, of which Gov. Hogg has received 133,639. The total vote of the state in 1890 was 343,200 and in 1888, 357,513.

Housekeeper—Now, you clear out square off, or I will call the hired man. Tramp—Please, mum, I only want to borry a Bible if you have one to spare. "Bibles?" I've got about forty. Well mum, will ye please lend me one a few minutes? I want to read about Belshazzar's feast. Mebby it will stay me appetite till I git to some town where folks has fewer Bibles and more pies.

REASONS WHY

Dr. Price's Cream Baking Powder Is The Best.

FIRSTLY.—It is the oldest Cream of Tartar Baking Powder in the world, and has stood the test of 40 years.

SECONDLY.—Its makers have never succumbed to the temptation to introduce ammonia or alum in their goods, for the purpose of cheapening the cost.

THIRDLY.—It is made from the purest Cream of Tartar, refined in the immense plant at Jersey City controlled by this company, by patented processes used by no other refiner.

FOURTHLY.—The governments of the United States and Canada have endorsed Dr. Price's Cream Baking Powder after thorough examination, as have also the heads of our great universities, prominent physicians, boards of health and the public. It is used in the United States Army and Navy and in the cuisines of the most select clubs, hotels and private families.

FIFTHLY.—It is just what it is represented to be, viz: a pure Cream of Tartar powder and can stand on its record without any bolstering up by means of fraudulent certificates, or resorting to any other tricks practised—sometimes successfully—by other makers of so-called "absolutely pure" powders.

STILL IN THE RING.

Chairman Taubeneck Says the People's Party Will Be Ready for 1896.

The Entire Fight To Be Centered On The Money Question.

St. Louis, Nov. 10.—An effort to learn how the populists look at Tuesday's results was made by an Associated Press reporter to-day. Chairman Taubeneck, of the National Campaign Committee was the only leader of that party in town. "What, in your opinion, produced the revolution in public sentiment as expressed at the polls on the 8th of November?" he was asked.

"First," said he, "above all the spirit of unrest, of discontent and dissatisfaction among the industrial people of the nation. Second, the fact that the old party ties are loosened, if not broken. It has taken the American long years to discover that a tariff is a tax, and that the foreign manufacturer does not pay this tax. It has cost them millions of dollars to learn and solve this question. It will now take them years to learn that a tariff for revenue will not remove the burden of which they complain. In my opinion the people have simply jumped out of one fire into another."

"Will the people's party give up the fight on the line mapped out?"

"No, not under any consideration. We will reorganize immediately, and prepare for the next contest. We are right and will not turn our backs on the principles that we have advocated on money, land and transportation before which the tariff question sinks into insignificance. The power of money must be taken from individvals and corporations and placed in the hands of the people on the same principle as our post office system is conducted to day. The land and transportation planks will not receive the preeminence they have in the past, at least we shall center our entire fight on the money question."

THE words of sympathy and sorrow that meet our eyes, [illegible] looking through our [illegible] changes, regarding the death of R. W. Coleman, develops the awful fact that the place of the lamented deceased will be hard to fill. His earnest work in behalf of humanity will act as a monument to his memory forever.

For the first time in the history of Texas a governor has been elected only by a plurality vote. Two years ago governor Hogg was elected by 183,000 majority. This year he gets the same position by less than one half the votes of the Lone Star State.

What the Editor Gets.

When a child is born into the world the physician is presented and gets about $10 for officiating at the important event. The editor heralds the advent of the stranger and gets a cursing for making a mistake as to the sex and date of arrival.

After a while the child becomes a man, the minister is called to perform the marriage ceremony and walks off with a ten dollar bill in his pocket for his trouble. The editor is again called upon to chronicle this event by drawing on his imagination to make the bride and groom the most respectable people in the country. His only pay is to be asked for a few extra copies of his paper to send to some absent friends.

In time the once baby, once happy groom, now a man well advanced in years, is brought down by death. Again the physician is called in and makes his bill, the undertaker is present and officiates at the funeral, and in time wants $100 for performing the last sad rites while the editor is expected to complete the drama by holding up the deceased as a model gentleman, and one who at present is flying up the golden stairs. The probabilities are that the baby, the groom and the dead man have been so infernally stingy that he had never contributed one cent to the support of his local paper.

What does the editor get? He gets left.—From the Middleton (Pa.) Advocate.

TO THE COTTON PLANTERS.

Fine Staple Allen Cotton Selling at 15 cents per. Pound.

STOP AND THINK!

Raise fine long staple Allen cotton. Get better prices and consequently make more money. It is the only paying cotton crop that can be raised. Fifteen cents per pound is what the entire crop of Allen cotton, raised on the Ingleside plantation, in Mississippi brought last season (1891) in the Vicksburg market; while short staple cotton sold everywhere alike for from 5 1-2 to 7 1-2 cts per pound. This fine Allen cotton has been raised for 25 years past on the Allen & Ingleside cottom plantations in Mississppi where it has been cultivated and improved until it has acquired a superior market value. The staple is long and silky measuring from an inch and a half to 1 5-8 in. The yield from 3-4 to a bale per acre on strong black land while the price it commands in the market is just double that of the short staple. This cotton was on exhibition at the great Worlds Cotton Exhibition in New Orleans in 1886, where it was awarded the first prize as being the best fancy, long staple cotton growing off the sea coast, raised in the U. S. The large river planters prefer it because of its superior market value and use every endeavor to get their seed for planting from one of those plantations where the seed was originally improved. I have made special arrangements with Mr. Ben Morehead the owner of one of these plantations to supply me with seed for the purpose of introducing this fine grade of cotton into Collin county. For corroberation of the foregoing I refer you to Mr. Harper of Harper & Roderick, McKinney Tex., where you will find sample measuring 1 5-8 in. and bill of sale of same bringing 15 cts per pound.

Call early and examine the same and leave orders for your next year's planting.

The Big Baby.

McKINNEY, Tex., Nov 15, '92.

To the People's Party:

It will be remembered that the abolition party labored hard, politically, for 20 years, running a candidate for president five times before success crowned their efforts. Only 7000 voters rallied to them in the first race, yet they never gave up—their guiding star was justice and freedom to man—even to a poor ignorant negro.

Four years of war and billions of dollars were spent in their cause. The blood of thousands stained the American soil. To-day this new party, against which there has been so much abuse hurled has for its mission to free fifty millions of slaves whose condition is worse than African slavery.

The black slave masters provided for the slave by feeding, clothing, paying his taxes and looking after him during sickness. The masters (Wall street and England) of the white and black slaves to day sell our produce before it is planted at about one half the cost of the labor connected therewith Now, this baby, which was only four months and four days old has moved the world to action.

The republican party has walked over the democratic party for 32 years and now this new born baby knocks it out in the first round. The new party has carried five republican states, scared six democratic states and cast 2,000,000 votes, which, no doubt, caused the election of Cleveland who cannot longer carry both Wall street and the south. All true democrats pledges to cast their fortunes with the populist party in the future if the incoming administration refuses to give us free trade and unlimited coinage of silver. If Cleveland panders to either Wall street or the south the other will drop him.

What did Hogg say about the people's party? It is said that he approached the attorney general when the following conversation took place:

"Charlie, the people's party is the biggest baby that history gives account of. It will carry five or six northern states. They will have a ticket in every precinct in the United States, in fact it has gone into every home, both white and black. Charley, do you think it will carry any southern states?"

"Governor, it will unless we spend time and money. It will cost $5,000,000 to carry Alabama and Georgia."

"Well," Charlie asks: "what do you think of Texas?"

Governor: "we will have to steal at least three planks of the people's party platform, spend four months in the canvass, and I fear, we will have to spend $1,000,0000."

Later: Hogg says to Crane: "Crane, by Gatlins, you are governor."

"Why governor, are you going to resign?"

"Yes Sir. Cleveland will be president, Mills will be secretary of the treasurer, then I can fill Mills' position in the senate. Won't that be bully for us?"

"Yes," says Crane. "We will be two of the youngest bullies in the United States."

Now, the darkest hour is just before day. Neither Cleveland or Hogg will fulfill their promises to the people which will kill them politically. Let us all be patient the time is short.

JOHN JOHNSON.

Verona made a glorious record. It gave a good majority in favor of the "33 1-3" party. It has usually gone democratic.

We are glad to note that M. H. Byrne is able to attend to business. He has been crippled for several months.

A good lady of our city called in to see us the other day and gave us some cheering words for which we feel great kind.

There are a great many strangers in our midst. Certainly Texas is a grand state and Collin remains a gem on her bosom.

New artesian well material has been ordered and just as soon as it arrives, work will be renewed on this worthy enterprise.

The wild whistling winter winter winds will whirl around our sanctum soon. Wood on subscription thankfully received.

Don't chide a man who is snoring under defeat. He might be "ashy" enough to knock the daylights out of a fellow.

Not a man was elected on the ticket voted by the writer. Probably this is for the best. A sudden victory might paralyze us.

E. W. Kirkpatrick takes a defeat with good grace. While Mr. Kirkpatrick is not our legislator he has the reputation of being the best nurseryman in the state of Texas.

Several knock downs occured at the rally last Monday night Some of the boys did not like to give up their hats.

The rise in the price of cotton has caused a great deal of that staple to be marketed here during the last few days.

Our candidates in Collin "fell outside of the breastworks" but will be ready for the next charge.

Illinois community, the home of W. H. Slater is O. K. The boys over there are anxious to continue the crusade of reform.

The Hot tamale men were driven from their place of business last Monday night. Guess they did not vote for Hogg.

W. P. Cloyd and Ed Bowin of the Nickle Store inform us that they will soon have arrangements made for a "flying jenny" on post office street.

LOST: Our only hat was taken from the head of ye editor last Monday night by a Hogg man. The Hogg Campaign Committee will please see after the matter.

J. A. Evans, populist candidate for constable, of precinct No. 2, was elected over his opponent Mr. Wisdom, of Farmersville.

We feel grateful to the gentlemen who have come forward since the election and renewed their devotion to the DEMOCRAT

The populist party had the other fellows excited in McKinney last Tuesday was a week. They polled a good vote here for a new party which "don't amount to anything."

Capt. Lon Blizzard is engaged in the real estate and abstracting business. Those wishing work in that line will do well to call on him. He is proficient.

I was troubled with a severe cold and cough and on the recommendation of Messrs Wegman & Wire, druggists of this place, I purchased a bottle of Chamberlain's Cough Remedy, and in two days was completely cured. I most sincerely recommend this valuable remedy to any of my friends who are suffering with a cold. C. I. Hockett, Assistant cashier Clinton county National Bank, Wilmington, Ohio. 50 cent bottle ssold by R E Bristol druggist.

The Commissioners Court just finished counting the votes last night, consequently we had to copy the votes this morning and place it in type to day. On this account the DEMOCRAT will be a day late this week.

Esq. L. L. Miller, populist candidate for justice of the peace, precinct No. 2, beat his opponent 134 votes at Farmersville.

There are several applicants for the Post Office. The applicants are having a little trouble to get signers. The people are on the watchout for another Sunday law circular.

THE BEST PLASTER.—Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades, will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying a flannel bandage dampened with Pain Balm. 50 cents a bottle. For sale by R. E. Bristol, Druggist.

Our old time friend, W. H. Brummett, of Washburn, Armstrong county, Texas, was in to see us to-day. He will leave for his northwest Texas home a few days. He continues to take the DEMOCRAT.

Mr. L. D. Franklin and Miss Lula M. Scott were married on the 28th of last month at the residence of Frank Neely. Attendants were Andrew Martin and Della Foster, Will Kerr and Mary Flippen. The DEMOCRAT extends congratulations to the happy pair.

Henry Jennings (col.) of whom so much has been said in a derogatory nature, is a true old darky who is an honor to his race. He fought for political principle and repeatedly denounced efforts to swerve him from his duty.

Mr. Perry McWhirter and Mrs. Hattie Donald were united in the holy bonds of Matrimony at the home of the bride's father, W. R. Bailiff, last Sunday evening, Rev. Scofield officiating. The DEMOCRAT wishes for the happy pair a long life of prosperity and happiness.

CLINT, the muscular editor of the Gazette, is anxious to know about the political future of the DEMOCRAT. We advise the little Hogg "Giunt" that our political methods in the future will be equally as worthy as his own 2x4 patent inside sheet. By the way Dear Clint if you want to read an interesting home paper, peruse the DEMOCRAT.

S. C. McCoy, who lives east of Plano near Murphy, had $121.25 and a note of $52 50 stolen from him last Sunday night. The note was payable to Mr. McCoy and signed by E. L. Marshall. He says that he retired about 10 o'clock and left the money and note in his coat pocket. He thinks that the robbers watched him while retiring and afterwards entered and secured the valuables. SLEEP ON LEFT SIDE.

Many persons are unable to sleep on their left side. The cause has long been a puzzle to physicians. Metropolitian papers speak with great interest of Dr. Franklin Miles, the eminent Indiana specialist in nervous and heart diseases, who has proven that this habit arises from a diseased heart. He has examined and kept on record thousands of cases. His New Heart Cure, a wonderful remedy, is sold at Smith Bros. Drug Store. Thousands testify to its value as a cure for Heart Diseases. Mrs. Chas. Benoy, Loveland, Colo, says its effects on her were marvelous. Elegant book on Heart Disease free.

The reports received to date give twenty-two counties to Nugent: Blanco, Caldwell, Cass, Comanche, Delta, Erath, Fisher, Floyd, Green, Hamilton, Houston, Jones, Karnes, Kerr, Live Oak, Medina, Mills, Morris, Nacogdoches, Nevarro, Walker and Wilson. The populists' candidate has this much comfort, that his pluralities represent every portion of the state.—Fort worth Gazette.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by R. E. Bristol, Druggist.

We learn that some fellows have been circulating reports derogatory of Mr. J. C. Rhodes who canvassed incessantly in the interest of the people's party. Claiming that he had been a peddler and quit the business to canvass only to better his financial condition. We have letters in our possession from the Chattanooga Med. Co. which show that this company had been paying him from $150 to $200 per month salary. He quit this business to engage in the canvass which hardly makes him a living. In the face of these facts these fellows try to injure a good citizen and then support a political machine which is only held in tact by "boodle." "Shame where is thy blush?"

A MUTE RECOVERS SPEECH

Alphonce Hemphling, of Summitt township, Butler county, Penn'a., made and affidavit that his twelve year old son, who had St. Vitus Dance for twelve years, lost his speech, was completely cured after using three bottles of Dr. Mile's Restorative Nervine, and also recovered his speech. Thousands testify to wonderful cures from using it for nervous diseases, dyspepsia, debility, dullness, confusion of mind, headache, etc. Four doses of this Nervine cured MRS. W.E. BURNS, South Bend, Ind., who had been suffering with constant headache for three months. Trial bottle and elegant book free at Smith Bros. Drug Store.

Deafness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

A Frightful Accident.

FAYETTEVILLE, Ark,. Nov.17. —A frightful accident occured at the democratic celebration here last night, which was held in the schoolhouse. Anvil firing and the discharge fireworks were features of the jollification, and as a consequence a large quantity of explosives had been provided. A portion of these had been stored in the schoolhouse. During the speech making, and while the building was packed with men, women and children, two kegs of powder exploded. The result was frightful.

The schoolheuse was to ally wrecked and most of its occupants buried in the ruins. Those who could extricate themselves set about at once to rescue the others. Shrieks and moans came from the mass of wrecked timbers, and it was evident that the calamity was a terrible one. The debris took fire in several places and it took hard work to prevent the cremation of the persons who were imprisoned. The flames were subdued, however, only one suffering from the fire. A son and daughter of Silas Graham were taken out dead and Berry Sherrod, one of the most prominent residents of Washington county, was so badly injured that he has since died. Another man, whose name has not been learned, was also killed. Fifteen other persons were seriously injured, but their names have not been learned. Berry Sherrod suffered horrible agonies, mentally and physically, before he was gotten out of the ruins. He was pinned down by timbers and was burned beyond recognition. He lived several hours after being rescued.

Too Dangerous.

Would He Suit?

A boarding house in Detroit advertised for a hall boy. Among a host of applicants was a raw-boned, lanky youth, who rung the door bell and was met by the landlady herself.

"Want a boy?" he asked, shifting from one foot to the other.

"Yes," said the landlady, taking an inventory of the applicant.

"House run by missis?"

"Yes."

"An' you want a boy to tend door, run errands, trot to the grocery, sit in a cold hall, say you're out sixty times a day and keep agents and tin peddlers and kids offen the steps?"

"Yes," said the astonished woman, "thats' just what I do want."

"Much money in it?" queried the boy.

"Two dollars and fifty cents a week."

"Promises, or cash down?"

"You get your money regularly if you earn it."

"I'm your huckleberry, missis. Wot kin I dew first? Start out on a collecting tower or make fires in the sick boarders' rooms, or watch out for the fellow that is going to slide his trunk out 'ithout payin' his board?"

"Look here," said the landlady, "you know too much. I guess we can't make a trade."

"All right, mum. If 'sperience and knowhow don't go for sumething I ain't in it. But you'll be sorry mum, when the butcher comes around with his last year's bill. I'm a pacifyer of the first water, but you don't—"

She hired him.—Detroit Free Press.

A Bunch of Dont's.

PRINCETON, Tex., Nov. 12, '92

Don't fret. Fretting irritates and annoys listeners, without bringing comfort or cheer to the fretter. Don't Fret.

Don't grumble. whatever else you do, don't grumble, unless you have something really worth grumbling about, and even then don't spin your grumblings out interminably. Don't grumble.

Don't talk unduly. There is a time to talk and a time not to talk, as decidedly as there is a "time to laugh and a time to cry." Don't talk without you have something to say worth talking about. Don't talk unduly.

Don't pout. Genuine pouters make a great show of inflated breasts but the imitation article never makes even this much of a mark in the world. Pouting should always be done in the back yard, never "before folks." Don't pout.

Don't meddle. Meddling is an unprofitable business and is likely to get folks into trouble. Always have work of your own to do and let other people's business alone. Don't meddle.

Don't lie. That is not only very degrading but sinful to the last degree. There is nothing to be gained by lying. Don't lie.

Don't be envious. That is not the right spirit to live with. Don't be envious of some girl friend simply because they are blest with wealth or because nature has bestowed upon them a fair face or given them a sweet voice. Don't be envious.

Don't tattle. That is next to flat lying in degrad[illegible] an abom[illegible]nation and is [illegible]nable trait in any one's character. When you hear any piece of news that is liable to infuse your neighbor, don't go and tell it to every one you meet and add half its blackness to it every time you repeat it. Keep quiet and perhaps there will not one out of a dozen ever find it out. Don't tattle.

Don't make rude remarks. That is very unbecoming in any lady or gentleman and no true one will practice it. If you have occasion for such thoughts to fill your brain do not frame them into words, lest they injure some innocent one. Don't make rude remarks.

Don't ridicule. That is not apt to bear good fruit; the product too often being unhealthy, specky and rotten. Don't ridicule people because they do not dress so nicely as you or do not have as nice residence as you have; the wheel of fortune might change some day and you would be just in their place. Besides it is not good manners and shows a lack of good breeding. Don't ridicule.

Don't drink. That is not only destroying the soul and rendering the brain inactive and unfit for the generation of a pure thought. It is destroying talent that the Supreme being gave you to improve. and for humanity's sake don't drink.

Don't gamble. That is the poorest occupation a man ever followed. It throws him in contact with all the sin and vice that the world has ever known and destroys all taste for everything that is elevating or refining, in fact it simply lowers him in the scale of immorality, sometimes beyond redemption. Don't gamble.

Don't swear. That is dragging God's holy name in the unhallowed dust of fallen humanity. It is sending the soul to torment and poisoning the tongue with blasphemy toward God and his holy habitation. Don't swear.

And don't flirt. That is next to the blackest sin man or woman was ever guilty of. Young ladies, treat all young men with the true courtesy that is due them, but don't flirt. Young gentlemen, always treat the young ladies as you would have other men treat your own innocent, confiding sister. Remember the above and don't flirt. MAUD ARLINGEON.

THE FARMERS' ALLIANCE

Of Indiana Adopt Resolutions Embodying the Demands They Will Make of the Next Legislature.

INDIANAPOLIS, Ind. Nov. 11—The Farmers' alliance of Indiana, composing the bulk of the people's party, which cast in the neighborhood of 40,000 votes in this state last Tuesday, adopted a series of resolutions to-day embodying the demand that they will make of the next legislature of this state. They demand such revisions of the tax laws as well as the transfer to capitalists and corporations of their just burden of the taxation enactment of the salary law, that will place the compensation of public officers on a level with the compensation that similar services will command in the open market, the law requiring all securities to be stamped by ashers or rendering them void otherwise, denouncing the legislature of 1891, which created 100 new offices, demanding the repeal of the law of 1891 which increased the state's indebtedness $1,400,000, demanding the abolition of the free pass system on railroads, demanding the suppression of the liquor trade and demanding that such a legislature as will prevent the wholesale robbery of the state school fund by a legislation of false numeration.

Resolutions were also adopted expressing the renewed faith in the Farmes' Alliance and the industrial union and endorsing the St. Louis platform.

A legislative committee was appointed. [illegible]

Rates for the Alliance Convention.

MEMPHIS, Tenn., Nov. 11.—The following is self-explanatory: With few exceptions the railway lines of the United States make a rate of one and one-third fare to the convention of the farmers' alliance and Industrial union, to meet in Memphis Nov. 15. The several trunk lines entering Memphis make a round trip rate of one fare.

A Hat Burning Picnic.

VAN ALSTYNE, Tex., Nov. 11—Clark and Hogg men alike turned out en mass last night to celebrate the great victory achieved by the democratic party. There were bonfires, firing of anvils and much enthusiasm. Over 150 hats were committted to the flames as evidence of their joy.

The American people, are as a rule good natured. A few days will suffice to work off the disappointments in political matters, and then the people will be ready for something else. In Texas the something should be a manly and united effort to undo the mistakes of the past and to reach after a glorious future. The development of the state and re-establishment of its credit abroad, is work for all patriots, whatever may have been their political differences.—Fort Worth Gazette.

Walden's Texas Business College, Austin and Fort Worth.

These are the great practical training schools of the south. Schools that all Texas look upon with pride. The course of study is in touch with the living demands of the age. They prepare young men and women for the active duties of life, giving them training in those things that make them independent and self-sustaining.

The curiculum, embraces a thorough and practical course in business training, Shorthand and Typewriting, Telegraphy and English. The methods are thorough, equipments complete, and with an investment of only $80.00 for board, tuition and stationery, a young gentleman or lady can secure an education that will be of lifetime benefit.

It is estimated that over 700 pupils will attend these popular schools this year. Look to your interest, and write for their beautifully illustrated catalogue.

We were the first manufacturers to introduce STALK CUTTERS, and have kept abreast of the times with modern IMPROVEMENTS. They are a valuable implement, preparing the ground for plowing, and leaving that to be turned under which ENRICHES THE SOIL. The CANTON has Spring on front end, connecting with lever, thus relieving the jerking motion from horses' necks, also giving knives a striking motion. This excellent feature is found only in the CANTON. It has HIGHEST METAL WHEELS, insuring LIGHTEST DRAFT. No Axle through centre of Reel to clog up with trash. Made with 6 Knives, so as to cut stalks short. Others have the same number of knives, but they are not properly proportioned; therefore cut the stalks ragged length as four 6 knife. BE LOOK OUT FOR THEM! Other points of excellence given in circular, mailed free to any address. We also manufacture Canton Clipper Plows, Volunteer and Victor Cultivators, Disc Harrows, Tricycle Sulky and Gang Plows, Grain Drills, Cotton and Corn Planters and handle Buggies, Carts, Pumps, Wind Mills, BAIN, COOPER and OLDS WAGONS. TROY, N. Y., Nov. 12.—Portions of the timbers of Gen. Benedict Arnold's flagship Congress, which sank in Lake Champlain, October, 1776, have been raised by Capt. C. W. Adams of West Addison Vt. The timbers are of oak and are sound.

He Paid the Novel Bet.

FORT SMITH, Ark., Nov. 11.—The democracy turned itself loose last night in a celebration of the national victory.

United States Commissioner Brizzolaria some time ago agreed with Constable J. E. Fuller that should Cleveland be elected he would trundle him in a wheelbarrow the length of Garrison avenue. At 2 o'clock this afternoon the United States official carried out the contract. The wheelbarrow was gayly decorated, and with Mr. Fuller, bedecked a flashy red suit, seated therein the procession, headed by a band, started from Sixth street up the avenue in the direction of the Catholic church. The commissioner had on a Harrison campaign hat with two yards of crape around it. The streets were lined with people, who cheered the procession as it wended its way up the street. The entire distance traversed by the wheelbarrow with Commissioner Brizzolaria at the helm was nearly fourteen blocks—a mile. The democrats are preparing for a grand ratification next Tuesday night.

WOMAN!

WOMAN is a marvelous creature. In her we have the most complex, most perfect, most beautiful work of God.

Her nature is cast in a more perfect mould than man's. It contains a larger proportion of the finer elements that link the race to a higher and better destiny.

She embodies in the most perfect degree the graces of modesty, patience, gratitude and devotion. These attributes have won for her, under the benign spirit of the Gospel of Christ, that exalted social position for which her Creator intended her.

Perfect as in her moral nature, it is no more admirable than the physical structure that holds it.

This intricate piece of mechanism, so finely balanced, so graceful, so compact of texture, so perfect in every detail, excites our wonder and awakens our admiration more and more, as we become aware of its completeness.

The Almighty created woman for a high and holy mission. He implanted in her a separate system of organic life, and prescribed duties for her to perform. To perfect His design and better enable her to fulfill her sacred trust, He blended the nobler attributes of mind with perfection of form. These qualities were made sympathetic. The perfection of one depends on the others, the weakness of one affects them all, and an injury to one throws the entire machinery of her multiple nature out of its intended balance.

The original mental and physical harmony of woman has not been maintained. While she has developed intellectually, expanded socially and advanced morally, she has sadly degenerated physically.

Therefore we have prepared and put upon the market

DEW DROP No. 2, Specially for Women.

This great remedy is wholly composed of Vegetable Ingredients, all of which are recognized by the medical profession to be the most potent herbal remedies known.

"DEW-DROP" operates directly on the mucous membranes of the body by its specific effects on the vaso-moter nerve center, imparing to capillary blood vessels of every mucous surface a healthy tone and elacticity. Every organ of human body is either lined or covered by a mucous membrane, which fact explains the remarkably extensive field of operation which this remedy has, and the numerous ills for which it is an absolute specific, and can be relied on always to permanently cure Liquor and Opium Habits, Acute or Chronic Catarrh, Neuralgia, Heart Diseases, Loss of Womanhood, Loss of Appetite, Loss of Sleep, Indigestion, Irregular Suppressed or Painful Menstration, Sexual Impotency, Sick Headache, Nervous or General Debility. "DEW-DROP" not only cures but prevents the above diseases.

Therefore use it sick or well. We repeat that "DEW-DROP" gives rest after a days work, and sweet sleep at night.

It cures all nervous diseases and hysteria in women, restores loss of memory, drives away the blues or despondency, cures alcoholic or Morphine habit, etc. Should "DEW-DROP" fall short of what we claim, your money will be refunded.

PRICE $1.50.

PASTOR KOENIG'S NERVE TONIC

A Perfect Success. VII

The Rev. A. Antoine, of Refugio, Tex., writes: As far as I am able to judge, I think Pastor Koenig's Nerve Tonic is a perfect success, for anyone who suffered from a most painful nervousness as I did. I feel like myself again after taking the Tonic.

A Sunday School Superintendent Endorses It.

SECRETARY, Dorchester Co., Md., March 8, '91.
A scholar in the M. E. Sunday school (of which I am Superintendent) I know was compelled to stay at home on account of her ailment (epileptic fits) for eight months, but since using Pastor Koenig's Nerve Tonic she attends regularly. I think the cure the most remarkable I have ever seen or heard of, and this Nerve Tonic deserves the highest ecomiums. It has my fullest endorsement.
